DUTCH HYACINTHS

Of the HIGHEST QUALITY are available at lower prices than for many seasons past

Plant generously of these beautiful early Spring flowers that are so deserving of more general use. Perfectly hardy and delightfully fragrant, their pleasing form makes them especially adaptable to formal beds and drifts along the margins of shrubbery. Besides their white, yellow, red, and pink colors, Hyacinths provide the only tall blue shades to be found in early Spring, when they have a special appeal.

Indoors, Hyacinth blooms may be had in all their loveliness from the latter part of January to the end of April, if treated properly. Cultural directions will be furnished, on request, with each order. For more information we know of nothing more satisfactory than *Rockwell's "Book of Bulbs,"* which we sell at **$3.15** per copy, postpaid.

All of our Dutch Hyacinths are **Single,** as experience has taught that the **Double** do not give satisfaction. Contrary to popular opinion, perhaps, the **Single** in practically all varieties produce those handsome, large, compact trusses that many assume to be double, but erroneously. Naturally some sorts are more compact than others, but we have no fear whatever but that those kinds we offer will give excellent results.

The varieties we offer have been carefully selected from the extensive list grown by those alert Hollanders. Inferior varieties have been culled out, so that our list may be depended upon for satisfaction. We recommend them without reserve.

We do not advise forcing more than one color or variety in a single pot, because each has its own peculiar characteristic habit of growth and time of flowering. For an overwhelming effect, try 12 to 15 bulbs of the second size in a single pan.

EXHIBITION ("TOP") SIZE

Mailed free at each and dozen prices, otherwise add postage at zone rates. 22 lbs. per 100. Each 30c., doz. $3.00, 100 $20.00

RED, ROSE AND PINK

General de Wet. A delicate shade of pink. Large, broad, beautiful spikes. Excellent for forcing.

Gertrude. Bright rosy pink. Spikes large and compact. Very desirable for forcing.

Lady Derby. A fine spike; large, waxy, vivid pink bells. Forces easily.

La Victoire. Brilliant, glistening red. Spikes well filled and set on strong stems. Forces easily and early.

Marconi. Bright pink bells on beautiful, broad spikes. An excellent variety for forcing or bedding.

Queen of the Pinks. Exquisite bright rose pink. Enormous, compact spikes. An exhibition variety of great merit, especially for late forcing.

Roi des Belges. Produces very fine dark scarlet flowers.

WHITE AND BLUSH

Arentine Arendsen. An extra fine, pure white; thick, waxy bells, on broad, well filled spikes. Forces easily and early.

La Grandesse. Glistening snow white. An exhibition variety, with long, full spikes.

L'Innocence. Pure white. Large, well formed bells on broad spikes. Grand for forcing.

YELLOW

City of Haarlem. Bright golden yellow. We consider this the finest yellow Hyacinth either for forcing or bedding.

BLUE, LAVENDER AND PURPLE

Bismarck. Deep porcelain blue. Beautiful, well formed spikes. Forces easily and early.

Grand Maitre. A most pleasing shade of dark lavender blue. Broad trusses of great beauty.

King of the Blues. Rich, deep, glossy blue bells on large, compact spikes. One of the best for late forcing.

Marie. Dark purple blue; very fine, broad spike.

Perle Brilliant. Sky blue, tinged lilac, silvery center.

Queen of the Blues. Light silvery blue; large spike and splendid flowers. A wonderful exhibition variety.

Schotel. Light porcelain blue. Long, well formed spikes with large bells. Forces easily and early.

Hyacinths White Roman

DUTCH HYACINTHS

Forcing and Bedding Hyacinths

NAMED VARIETIES, BY COLOR ONLY

Weight, 18 lbs. per 100

Each 15c., doz. $1.75, 100 $12.00

These bulbs are the next grade smaller than the First Size, and are adapted to forcing or bedding. They are all of first quality and will produce large, well-formed spikes, though smaller than the two larger sizes. Where quantities are to be grown and cost is a consideration, we can heartily recommend them. For bedding they are the best size, as the spikes are not so large as to suffer during unfavorable weather when in bloom.

Dark Blue **Pink** **Rose**
Light Blue **Red** **White** **Yellow**

Hyacinths for Bedding

MIXED VARIETIES TO COLOR

These mixed varieties will give splendid results unless one wishes to carry out a color scheme or design, in which case we recommend the use of the named sorts, as then one may secure sharp and distinct colors.

Weight, 15 lbs. per 100.
Each 15c., doz. $1.50, 100 $10.00

Dark Blue **Pure White** **Rose**
Light Blue **Red** **Yellow**
Mixture of Colors

Miniature Dutch Hyacinths

Each 10c., doz. $1.00, 100 $7.50

These are suitable for growing in large quantities where close masses of flowers are wanted, such as may be required in a perennial bed and border; they may be used in clumps among shrubbery or for edging. They give splendid results when forced. Use 10 bulbs to each 8 inch pan, and preferably of only one sort, so as to have all in bloom at once. This insures a fine display.

RED AND ROSE: **General de Wet** **Gertrude**
Lady Derby **Roi des Belges**

WHITE: **La Grandesse** **L'Innocence**

BLUE AND PURPLE: **Grand Maitre** **King of the Blues**
Queen of the Blues

YELLOW: **City of Haarlem**

MIXTURE OF ALL COLORS

French Roman Hyacinths

These early flowering Hyacinths are particularly valuable for florists in their Fall and Winter cut flower work, and are equally important for amateurs that they may obtain flowers through Thanksgiving and Christmas until the Dutch Hyacinths commence to bloom. To obtain the above results plant early in September and force gently. Six bulbs planted in a 6 inch pot or bulb pan make a very fine effect. **Weight, 10 lbs. per 100.**

Each 30c., doz. $3.00, 100 $20.00

Pure White. Extra large selected bulbs.

Formal beds like these present a handsome appearance in early Spring and are very refreshing after Winter snows

EVERY Spring we have inquiries for Tulip, Hyacinth and Narcissus bulbs. It seems as if folks didn't get a desire for these garden beauties until they were springing up outside. Of course, we have to tell those friends that such bulbs have to be planted in the Fall, and that we can only supply them from the time our shipment reaches us in early September until frost makes outside planting impossible.

Perry's "Blue Ribbon" Mixture of Delightful DARWIN TULIPS

Every one a plump, first quality blooming size bulb. Blended from fine named varieties that are certain to give our customers lots of satisfaction. We heartily recommend them to our most critical and discriminating trade. Plant freely in spots where their beauty can be constantly admired.

Doz. 75c., 100 $5.00, 1000 $45.00

Perry's "Favorite" Mixture of Brightest SINGLE EARLY TULIPS

These showy, early flowering bulbs will give splendid satisfaction in sunny situations that catch all the sun which shy Spring has to offer. Only first grade bulbs of dependable varieties and finest colors are blended to make this mixture that will flower at approximately the same time and at the same height.

Doz. 75c., 100 $5.00, 1000 $45.00

Perry's "Splendid" Mixture of COTTAGE TULIPS

Brilliant colors and long pointed buds characterize this group, and just about every shade, including yellow, will be found in this blend of choice, May-flowering varieties that bloom just before the Darwins. Long-stemmed and beautiful.

Doz. 75c., 100 $5.00, 1000 $48.00

GREIGI - For the Rockery

A Lovely New Tulip Species

A large flower of fine form, brilliant glowing scarlet, having maroon black blotches in the center. 9 inches.

Each 35c., doz. $3.50, 100 $25.00

Lily Tulip, Sirene *See page 5*

Perry's "Prize Mixture" of DOUBLE EARLY TULIPS

The excellence of this mixture will only be manifest to those planting these splendid bulbs. We are confident that they will give the utmost in satisfaction, for these big, glowing beauties do present such a handsome display when fully open. Grand for formal effects.

Doz. 75c., 100 $5.00, 1000 $48.00

SUN DEW, The Fringed Darwin

A decided novelty in that the edges of each bright crimson petal are distinctly fringed. Very attractive though not as large as many Darwins. 18 in.

Each 25c., doz. $2.50

DUTCH BREEDER, or "ART" TULIPS

(MAY FLOWERING)

Mailed free at the each and dozen price, otherwise add postage at zone rates. Weight, 8 lbs. per 100. We supply single bulbs at one-tenth of the dozen price, 6 of a variety at the dozen rate, 25 at the 100 rate.

It is difficult to describe the marvelous colorings to be found in these lovely May flowering Tulips that only recently have become appreciated by flower lovers in America. No black and white illustration we might print can do it. They have such a blending of colors that one must see them in half shade to fully appreciate the exquisite beauty of the hazy bronze, buff, fawn and brown tints that are so characteristic. Whites and yellows are entirely lacking, but the bronze tones are not to be found in any other class of late flowering Tulips.

Giant breeders rival the Darwins in size and are equally as fine for cut flowers. Similar in form and habit to Darwins and blooming at the same time. Many are sweet-scented. They are so distinct as to be a worthy acquisition for any garden where they will be conspicuous and prove strong favorites.

Apricot (25). An unusual shade of dull bronzy buff shaded apricot. **Doz. $1.25, 100 $9.00.**

Bacchus (28). Dark violet blue. Exceptionally large and egg-shaped. Undoubtedly one of the best. **Doz. $1.75, 100 $12.00.**

Bronze Queen (28). Soft golden bronze, inside light buff. Very large and handsome. **Doz. 85c., 100 $6.00.**

Cardinal Manning (Goliath) (28). Rosy violet, flushed rose brown. Late. **Doz. $1.00, 100 $8.00.**

Dom Pedro (21). Rich coffee brown, shaded maroon, inside glittering mahogany. **Doz. $1.50, 100 $11.00.**

Godet Parfait (30). Bright violet, white base. Highly recommended for the garden or for cutting. **Doz. $1.25, 100 $9.00.**

James Watt (26). A unique shade of violet with bronze glow. A new variety of fine form and exquisite coloring not found in any other. **Doz. $2.50, 100 $18.00.**

Le Mogul (26). Soft, silvery lilac, white base. **Doz. $1.25, 100 $9.00.**

We include the Bizarre and Bybloemen types under the general heading of Rembrandts here illustrated. They contrast well with the brighter Darwins

Louis XIV (30). Rich, dark purple, flushed bronze with broad margin of golden brown. A very large, globular flower; the most beautiful of all. Worthy of a place in every garden. **Doz. $1.25, 100 $9.00.**

Lucifer (30). Bright terra cotta orange. Enormous flower. Late. **Doz. $2.00, 100 $15.00.**

Madras (24). Dark bronze, shaded orange and yellow. **Doz. $1.10, 100 $8.00.**

Marie Louise (23). Rose, flushed orange salmon. Very pleasing and attractive. **Doz. $1.25, 100 $9.00.**

Panorama (22). Deep orange red, shaded mahogany. Enormous globular flower on a strong stem. For bedding and forcing it is unsurpassed. **Doz. $1.10, 100 $8.00.**

Prince of Orange (24). Rich chestnut red, overlaid brilliant orange scarlet. **Doz. $1.25, 100 $9.00.**

St. James (28). Rosy violet with bronze edge. One of the finest of the new varieties. **Doz. $1.10, 100 $8.00.**

Turenne (28). Dark blue with broad, bronze margin. Inside copper. **Doz. $1.25, 100 $9.00.**

Vulcan (25). Carmine violet with orange edge. Distinctive and unusual coloring. **Doz. $1.50, 100 $12.00.**

Yellow Perfection (30). Canary yellow, shaded bronze. **Doz. $1.10, 100 $8.00.**

Mixture from Named Varieties. Doz. 85c., 100 $6.00.

REMBRANDT TULIPS

Late flowering. Belonging to a Darwin group that has broken away from the characteristic self colors. All have flames or stripes overlaid on the delicate ground colors and are remarkably striking and pleasing. 20-24 inches tall.

Doz. $1.15, 100 $8.00

Apollo. Rosy lilac and white.

Butterfly. Soft lilac, striped with dark carmine. Good forcer.

Eros. White, suffused lilac and striped rose.

Julienne. Carmine rose, white ground.

Le Printemps. Lilac and white, flamed deep red.

Marco Spado. White, flamed red.

Procles. Violet, flamed fiery black and white.

Doz. $1.00, 100 $7.00

Admiral of Constantinople. Dark red, shaded and tipped orange. Very showy.

Cafe Brun. Deep yellow, striped and feathered reddish brown.

Feu Brillant. Rich blood crimson, with bluish-black markings.

Lutea Major. Yellow, striped crimson and green.

Markgraaf. Golden inside, feathered brilliant scarlet purple and green outside.

Perfecta. Yellow, blotched scarlet and green.

EXTRA CHOICE MIXTURE. Doz. 85c., 100 $6.00.

SINGLE COTTAGE, or MAY FLOWERING TULIPS

These lovely late flowering Tulips are very effective for all kinds of decorative work and their value as cut flowers cannot be overestimated. As the Darwins do not appear in any shade of yellow, it is to this class that we must look, and there are some truly wonderful shades to be had. They are all perfectly hardy, and are eminently fitted for border cultivation, for bedding, forcing and every purpose to which the Darwin Tulip is put. They usually flower about Memorial Day and last two weeks. We can fully recommend the selected varieties listed below as being certain to give great satisfaction.

Mailed free at the dozen price, otherwise add postage at zone rates. Weight 8 lbs. per 100

We supply single bulbs at one-tenth of the dozen price, 6 of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

Numbers in brackets ( ) indicate the usual height

The Fawn (20). Of vigorous growth, with goblet-shaped flowers, colored fawn with apricot external shading. Of large size and a boldly erect habit. An unusual coloring. **Doz. 85c., 100 $6.00, 1000 $55.00.**

Orange King (24). Brilliant orange scarlet, yellow base. An enormous flower that is unrivaled for the border. Sweet. **Doz. 85c., 100 $6.00, 1000 $55.00.**

SPLENDID MIXED. Our own mixture of all colors from the named varieties, which we unhesitatingly recommend to all. **Doz. 75c., 100 $5.00, 1000 $48.00.**

BOTANICAL TULIPS

Remarkable for their great range of coloring, diveristy of size, shape and markings. A clump of each would add interest to any garden or rockery.

Clusiana (8). The "Little Lady" Tulip. A lovely variety from Asia Minor. Flowers as large as a Crocus. Outer petals cherry red, inner petals white with violet base. Should be planted 8 to 9 in. deep. **Doz. $1.15, 100 $8.00.**

Greigi (9). Brilliant glowing scarlet, black blotches in the center. Large and ideal for rockeries. **Doz. $3.50, 100 $25.00.**

Kaufmanniana (6) (Water Lily Tulip). A glorious species, and the first of all Tulips to flower. Flowers large, cone-shaped, colored a soft shade of creamy white, flushed with deep orange in the center and colored externally with red. Plant deeply. **Doz. $3.00, 100 $22.50.**

Retroflexa. Gracefully recurved light yellow petals, giving a Lily-like appearance. Very handsome and attractive. **Doz. $1.15, 100 $8.00.**

Sirene (Lily Flowering). Beautiful, and decorative. The flowers have the grace and shape of a Lily. A brilliant satin Rose. Forces well. **Doz. $1.25, 100 $9.00.**

SUPERB SINGLE EARLY TULIPS

The first Tulips to bloom are the Single Early sorts. They are best adapted to formal beds. Plant in separate varieties, one kind to each, or in color combinations, of which there are so many. If planted closely together, the beds will appear as a solid mass of color, which will be very pleasing, provided sorts have been used that grow about the same height and bloom at the same time.

As an aid to the selection of varieties we have designated by the letters *d*, *m*, *t*, those which grow dwarf, medium and tall, respectively.

This class is the easiest to force, and will make as nice pot plants as one can wish for. Make the most of them.

Mailed free at the dozen price, otherwise add postage at zone rates. Weight, 8 lbs. per 100.

We supply single bulbs at one-tenth of the dozen price, 6 bulbs of a variety at the dozen rate, 25 at the 100 rate, and 250 at the 1000 rate.

Beds of Single Early]Tulips will give great satisfaction to those impatient for the return of Spring, for their brilliant colors are a sure token of the proximity of balmier days

DELIGHTFUL DOUBLE EARLY TULIPS

Double Tulips are very desirable for bedding. Having a blooming season between the Single Earlies and the Darwins, one can have a succession of blooms in one bed by interspersing them with the two types. The stems are short and stocky and the mammoth, Peony-like flowers hold their petals for an unusually long time.

They are used very extensively for forcing and are most attractive, though usually not so brilliant as the single sorts. While they can be forced as early as the Singles, it is a mistake to try to force them too early. The flowers are so heavy that it takes time to develop good strong stems to support them properly.

Mailed free at the dozen price, otherwise add postage at zone rates. Weight, 8 lbs. per 100

We supply single bulbs at one-tenth of the dozen price, 6 of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate

DUTCH HYACINTHS

Culture in Glasses

The type of glasses here illustrated should be used. The largest size bulbs should be selected, as they produce better results, are more rigid in the glasses and will support the top-heavy bloom. We recommend the Exhibition or Mother bulbs for this purpose, and suggest rather late starting that the bulbs may become fully mature when root growth is made most quickly. Place the bulb in the top of the glass, fill up with water so that the bottom of the bulb merely touches the water. Change the water every three or four days. A little broken charcoal put in the water will help to keep it fresh and sweet. The same general directions apply for growing in water as suggested for growing in soil (*see inside front cover*).

Colors: Amber, Green, Blue and **Clear Crystal. Price 45c. each, $4.50 per doz. If wanted by mail add 10c. each for postage.**

NARCISSUS

All of the many types of Narcissi, except the bunch flowered or Polyanthus varieties, are perfectly hardy with us and thrive under varied conditions in common garden soil, be it wet or dry, in sun or in partial shade. If planted where they can be left undisturbed they will multiply and increase in loveliness for years. All lend themselves admirably to naturalizing, and we can heartily recommend them for planting in clumps throughout woodland and meadow, for they will repay their cost the first year in joy and cheer.

The word "Jonquil" refers, properly, only to the miniature flowered sorts, and if our customers will only bear this in mind when ordering, many common mistakes in our filling of orders will be avoided, for it often happens that we receive orders for "Jonquils" when the customer refers to something radically different. See page 10

Mailed free at the each and dozen prices, otherwise add postage at zone rates. Weight, 15 lbs. per 100. We supply 6 at the dozen rate, 25 at the 100 rate.

Giant Trumpet Varieties

This class has the large, long trumpets that are so strikingly handsome. The flowers are the largest of the whole family and stand up boldly above the foliage. Who does not admire them in early Spring?

☞ We supply only **double nosed bulbs** which should give two flowers each the first year.

Emperor. Immense flowers, with clear, golden yellow trumpets and deep primrose perianths. Excellent for forcing or naturalizing.
Double Nosed Bulbs:
Each 20c., doz. $2.25, 100 $16.00.

Empress (Bicolor). Strong and robust with extra large flowers. Perianth pure white, well expanded, and trumpet of rich pure yellow. One of the best bicolors. Very fine for border or for naturalizing. Forces well.
Double Nosed Bulbs:
Each 20c., doz. $2.25, 100 $16.00.

Glory of Sassenheim (Bicolor). A very free flowering variety with a large, deep yellow trumpet and a pure white perianth that is fine for forcing.
Double Nosed Bulbs:
Each 25c., doz. $2.50, 100 $18.00.

Old-fashioned Double Daffodils

Golden Spur. Large blossoms of golden yellow; early and free flowering. Splendid for naturalizing, for garden or for forcing. **Each 20c., doz. $2.25, 100 $16.00.**

King Alfred ("The King of Daffodils"). The finest of the giant golden yellows. Flowers of extra size and great substance. Golden yellow perianth, trumpet of beautiful form with deeply frilled mouth. Large bold flower and strong grower. Unexcelled for forcing or outdoor culture.
Double Nosed Bulbs: Each 40c., doz. $4.00, 100 $28.00.

Minister Thalma. Large, deeply frilled golden yellow trumpet and yellow perianth. A good grower and free flowering. Forces very early. **Each 25c., doz. $2.50, 100 $18.00.**

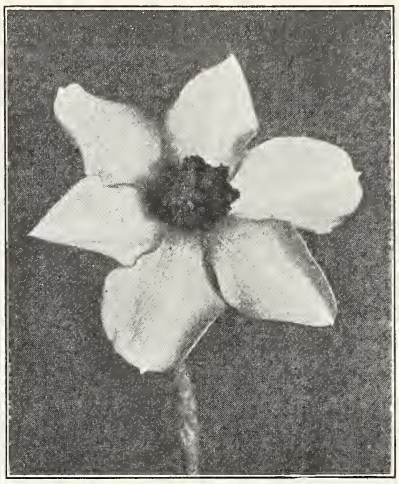
Victoria (Bicolor). A strong grower with massive flowers which stand boldly erect. Broad perianth of creamy white; large, fluted trumpet of deep yellow. A splendid variety for garden or for forcing. Its excellent keeping qualities make it fine for cutting. **Each 20c., doz. $2.25, 100 $16.00.**

Double Narcissi, or Daffodils

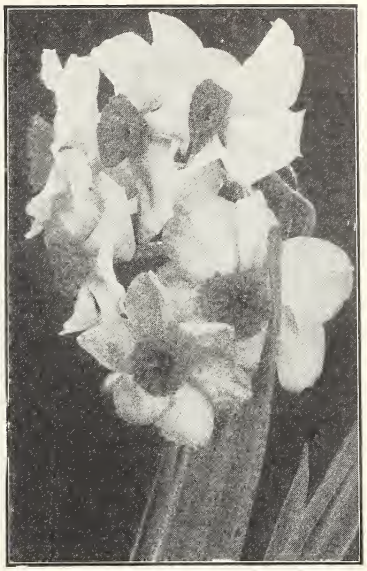
These hardy, old fashioned garden favorites are still as popular as in our grandmothers' days and no garden can be complete without them. Delightful as bedding plants and so lasting when cut! They possess a charm of their own, though they are not as showy as the single Narcissi.

Von Sion (The Old-fashioned Double Daffodil). Deep golden yellow, decorative flowers that are excellent for cutting, and particularly valuable for forcing in pans. Perfectly hardy and ideal for naturalizing. Weight, 20 lbs. per 100.
Double Nosed Bulbs: Each 25c., doz. $2.50, 100 $17.50.

The Poeticus type with its chaste flower has a very short crown or cup usually margined with a tinge of red



The Barri Narcissus has a crown a little longer than the Poeticus. Greatly prized for cutting; long stemmed and fragrant



Three or more flowers, with short cups, to a stem, characterize the Poetaz group. Delightful either in the garden, or cut for bouquets

NARCISSI—Continued

Mailed free at dozen prices.
Weight, 7 lbs. per 100

Medium Trumpet Varieties

Barri Conspicuus. A flower of exquisite beauty, unexcelled for cutting; large, broad spreading perianth; broad, short cup, conspicuously edged bright orange-scarlet. **Each 15c., doz. $1.50, 100 $10.00.**

Lucifer (Incomparable). Perianth sulphur-white, with long, well-rounded petals; cup chrome-yellow, with intense orange-scarlet suffusions. A bold, showy flower. Height 18 in. **Each 15c., doz. $1.50, 100 $10.00.**

White Lady (Leedsi). Perianth white, cup canary-yellow. A large, exquisite flower of perfect form and great substance. Tall, suitable for outside or forcing. **Each 15c., doz. $1.50, 100 $10.00.**

Sir Watkin (Incomparable). Primrose perianth, often 5 inches across; cup yellow, tinted bright orange, elegantly fringed. A grand flower and very popular. **Each 20c., doz. $2.00, 100 $14.00.**

Poetaz Narcissi

Hardy Cluster Flowered Poet's

By crossing the Polyanthus varieties with the Poeticus type, hybridizers have developed a hardy strain which has the bunch flowered character of the former and the larger flowers of the Poeticus type. Desirable because of their hardiness, long, strong stems and free flowering habit. They are ideal for the garden, cutting and forcing.

Aspasia. Perianth pure white, with soft yellow eye; three or four flowers on a stem. One of the best of this class and especially bright in color. Height 18 in. **Each 20c., doz. $2.00, 100 $12.00.**

Laurens Koster. Perianth pure white, with soft yellow eye. Much admired for its large flowers. It is a strong grower, frequently having five flowers on a stem. **Each 20c., doz. $2.00, 100 $12.00.**

Orange Cup. Here's a fine flower of good size and color. Perianth yellow with a glowing orange eye—a pleasing combination. Strong, free flowering and handsome. **Each 20c., doz. $2.25, 100 $16.00.**

Narcissus Poeticus

The Poeticus or Pheasant's Eye Narcissus is one of the best sorts for naturalizing in fields and woods or for clumping in perennial beds and among shrubbery. When once planted they may remain in the same place for some years and will increase their quantity of bulbs. Splendid for cut flowers. All varieties of this type are hardy.

Poeticus. The true Poet or Pheasant's Eye Narcissus. Pure white with orange-red cup; very fragrant. Late. **Each 15c., doz. $1.25, 100 $9.00.**

Poeticus Ornatus. Somewhat larger than above, of which it is an improved form. Broad perianth with yellow cup, margined red; very early; most valuable for forcing. **Each 15c., doz. $1.50, 100 $10.00.**

NARCISSI FOR NATURALIZING

Daffodils or Narcissi are most desirable and beautiful Spring-flowering bulbs that are as much at home in nooks here and there in woodland or meadow, in shady places in your shrubbery border, as in your sunny perennial beds. When naturalized in such locations, the only requisite is that the tops be not cut off until the bulb ripens. With such treatment they become firmly and permanently established to furnish each successive Spring hosts of bloom without effort. No hoeing, staking or tying, just flowers as much a part of the landscape in April as Daisies in a field in June. The first cost is the only cost—slight at that.

To meet this great need we are prepared to offer at a special price, **Narcissi mixed from named varieties, hardy types—Giant Trumpets, Poeticus,** etc., **at only $1.50 per doz., $10.00 per 100, $90.00 per 1000, prepaid.** What can give more enjoyment each successive Spring?

Enjoy quantities of these favorite flowers next Spring and in years to come! Plant this Fall.

For collection of small miscellaneous bulbs for naturalizing, see page 12.

POLYANTHUS (Bunch-flowered Narcissi)

AMERICAN-GROWN

Mailed free at the each and dozen prices, otherwise add postage at zone rates. Weight 17 lbs. per 100

In our New England climate **this class is not hardy. Use for house culture only.** In Southern States these bulbs are perfectly hardy. They all have tall spikes, each bearing from six to twelve exceedingly fragrant blooms.

We feel sure our bulbs will bloom with as great satisfaction as any, but we do not advise starting them in water with pebbles before Thanksgiving. Plant in soil, as usual, by November 1st.

Giant Paperwhites

This Popular Grandiflora Type Is Unequaled for Winter Blooms

Our true large flowered Paperwhites are tremendously popular. If planted in soil as soon as the bulbs are received, from eight to ten weeks will be necessary to flower them, but as the season advances less time is required.

Most commonly, however, the bulbs are planted in bowls of either glass or pottery, with water and sufficient stones or pebbles to keep them erect. It is advisable to place them in a cool dark place at first until the roots make a good growth, when they may be gradually brought to the light to flower.

Dainty, sweet scented Jonquils

Paperwhites are popular for home or office. Why not have them in abundance? Is anything else so satisfactory?

Grand Soleil d'Or

Sometimes called Golden Cluster or Yellow Paperwhites. Very fragrant, clear yellow blossoms with bright orange cups. Grow in a way similar to Paperwhites, but don't expect them to bloom quite so quickly.

Chinese Sacred Lilies

Mailed free at the each price. Otherwise add postage at zone rates. Weight 4 lbs. per doz.

A well known variety of Narcissus which bears its silvery white flowers with golden cups in clusters and in profusion. They are not hardy outdoors, but indoors the bulbs do well in earth, though are more successfully grown in shallow bowls of water with enough pebbles about them to prevent them from falling over when in bloom. Four to six weeks is the usual length of time required to bring them into flower.

There are on the market many small bulbs that do not bloom satisfactorily.

Mammoth.....**Each 20c., doz. $2.00, 100 $15.00.**

Sweet-Scented Jonquils

A small flowering type of Narcissus prized for its delicate and graceful blooms of the richest yellow shades and most delightful fragrance. Very free flowering, with usually several flowers borne on long, slender stems above the grass-like foliage. Very choice for forcing. Plant a half dozen bulbs in a 5 inch pot and treat like Hyacinths. Perfectly hardy out of doors and most attractive in the early Spring. When ordering, do not confuse these with the other varieties of Narcissi.

Campernelle Rugulosus, Giant Single. Superior in every way to the old fashioned types of Jonquils that we have discarded. A vase of cut blooms will fill a room with fragrance. Weight, 2 lbs. per 100.

Double Nosed Bulbs:...**Each 15c., doz. $1.50, 100 $10.00.**

BULBS FOR NATURALIZING

GIANT CROCUS ("HERALDS OF SPRING")

SPRING-FLOWERING

In early Spring, when grass is turning green, it is delightful to see pretty little Crocuses dotting a stretch of lawn or clumped together in some sunny spot. An effective way to place them is to scatter handfuls at random and plant two or three together wherever they have fallen, either by digging up a little sod or by making a hole through it with a sharp stick or trowel. The bulbs are perfectly hardy and can be left in the ground several years without being disturbed. The foliage should be allowed to ripen somewhat, however, before the grass is cut, otherwise the bulbs will be injured. Crocuses may also be planted among other Spring flowering bulbs to make a splendid showing before the other varieties begin to bloom.

The results obtained from planting **Crocuses in pots or pans for house blooming** are very satisfactory. For this purpose it is advisable to use the best named varieties and place the bulbs about ½ inch apart and ½ inch deep, keeping them in a cool place until thoroughly rooted, when they may be brought to the light for blooming.

Mailed free at dozen prices, otherwise add postage at zone rates. Weight, 3 lbs. per 100.

We supply 6 bulbs of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

Snowdrops (Galanthus)

Scilla sibirica

Scilla campanulata

Eranthis Hyemalis

WINTER ACONITE

Charming early Spring flowers, often appearing through snow. Golden yellow blossoms, 6 inches high. Not large, but well worth naturalizing in shrubbery or woody locations, where they thrive to perfection. Plant 2 to 3 inches deep. **Mailed free. Doz. 50c., 100 $3.50, 1000 $25.00.**

Grape Hyacinths (Muscari)

No garden should be without these beautiful little flowers borne in clusters, grape-like. They are old-time favorites for the hardy border, among shrubbery or for naturalizing in grass plots. Place if possible, where they can be left undisturbed for several years, for they are at their best and most effective when grown in masses. Treat similar to Tulips when grown in shallow pans for table decoration. **Mailed free.**

Alba. White. **Doz. 85c., 100 $6.00, 1000 $55.00.**

Heavenly Blue. The largest and best of the Grape-hyacinths. Of a delicate sky-blue, with large bells, forming a thick, symmetrical truss of unusual size. **Doz. 50c., 100 $3.50, 1000 $28.00.**

Scillas, English Bluebells

Mailed free.

Sibirica (Siberian Squill). Lovely bright blue flowers appearing very soon after the snow and ice have gone. Most effective in lawns, planted in small clumps or scattered. Plant among Tulips and Hyacinths to bloom before those plants appear. Its flowering period is over when theirs begins. Particularly valuable for rock gardens and naturalizing. 3 to 4 in. high. **Mammoth Bulbs. Doz. 75c., 100 $5.50, 1000 $52.00.**

Campanulata (Spanish, or Wood Hyacinth). This Scilla is probably the best variety for planting in perennial borders, attaining a height of 8 to 12 in. Each bulb produces 2 or 3 Hyacinth-like spikes of beautiful flowers. Splendid when planted in large clumps. Don't skimp on these delightful flowers!

Giant Snowdrops, Galanthus

Dainty Snowdrop flowers are among the smallest of our hardy Spring blooming bulbs, but always the first to bloom outdoors, and if planted in a sheltered place may flower as early as January. They delight in being naturalized in the open woods and among the rocks. Perfectly hardy and persist year after year. Pure white. **Mailed free.**

Single. Doz. 60c., 100 $4.00, 1000 $35.00.
Double. Doz. 80c., 100 $6.00, 1000 $53.00.

Half-Hardy Spring-Flowering Bulbs

The following varieties should be well protected or placed in coldframes during the Winter.

Anemone, Windflower

These bulbous or tuberous-rooted Anemones thrive best in the open ground, but should be sheltered and well drained. Fine for rock work. They flower early in the Spring. Plant 6 inches apart and 3 inches deep. The bulbs should be taken up during June, dried through the Summer and planted in the Fall. They may also be grown in pots for blooming in the house, being allowed to root in a cool place before taking into warm room.

Giant French or **Poppy-flowered, Superb Mixture.** Various colors, including many shades of scarlet. **Doz. $1.00, 100 $7.75, postpaid.**

Ranunculus

DOUBLE BUTTERCUP (Bulbous)

Very effective, dwarf flowers, blooming quite early and delightfully in June. Fine for cutting. Should be well protected outside during the Winter. Easily grown in pots or coldframes. Place claws down. If in pots use six bulbs to each 5 inch pot.

Giant Double French, Mixed. A great assortment of colors. **Doz. $1.00, 100 $7.00, postpaid.**

HARDY BULBS FOR NATURALIZING—"SPIRIT OF SPRING" COLLECTION

These charming flowers appear as if like magic almost before Winter's snow has disappeared. No other treatment seems to suit them so well as naturalizing. We advise everyone who is impatient for the return of Spring to plant one of these collections and exult with joy as each variety blooms.

Lilies for Forcing

Mailed free at each price, otherwise add postage at zone rates. Weight, 3 lbs. per doz.

Lilium Harrisi (The Bermuda Easter Lily)

If you want to grow your own Lily for Easter, plant this pure white one with long, broad trumpets. It is the best Lily for the amateur for either house or conservatory culture. Plant during September or October in a compost of turfy loam, shredded cow manure and sand. A 4 inch pot will be large enough for a single bulb of the smaller size; a 7 inch pot for the mammoth, or more than one of the smaller.

Extra Large Bulbs. **Each 50c., doz. $5.00, 100 $40.00.**
Jumbo Bulbs. **Each 90c., doz. $9.00, 100 $72.00.**

Lilium Longiflorum Formosum

A very beautiful Japanese variety that will grow as easily as the Harrisi and mature early, producing large, pure white blooms. Plant in from 4 to 7 inch pots, according to the size of the bulb. October delivery.

Extra Large Bulbs. **Each 50c., doz. $5.00, 100 $40.00.**
Jumbo Bulbs. **Each 75c., doz. $7.50, 100 $60.00.**

Lilium Longiflorum Giganteum

(True Black Stem)

A splendid Lily for Easter forcing, producing a large quantity of blooms from each bulb. This is a later flowering variety and requires a higher temperature.

Candidum, the old-fashioned Easter Lily, now most commonly used for outside planting

Hardy Garden Lilies

Mailed free at each price, otherwise add postage at zone rates. Weight, 3 lbs. per doz., 25 lbs. per 100

Lilium Candidum

(Madonna or Annunciation Lily)

This is one of our loveliest and best known hardy Lilies. **It should always be planted in the Fall so it can make a good leaf growth before the ground freezes.** Often there are more than a dozen large flowers to a stem, each glistening white with yellow stamens and a most delightful fragrance. Will thrive in ordinary soil, preferring plenty of light and air. Planted among shrubbery or hardy perennials, it is particularly handsome. Placed with tall, blue Larkspur, it is very effective in June when the two bloom together. Can easily be forced inside if wanted.

Ready for immediate delivery.

TRUE NORTH OF FRANCE TYPE

Jumbo Bulbs. These are the largest and best bulbs obtainable. **Each 50c., doz. $5.00, 100 $40.00.**
Mammoth Bulbs. **Each 40c., doz. $4.00, 100 $30.00.**
First Size Bulbs. **Each 35c., doz. $3.50, 100 $25.00.**

The varieties of Lilies marked (*) often arrive in this country late in November after the ground has frozen. Bulbs may be planted on arrival if the soil has been prepared and well covered with leaves to prevent freezing. Or, we will hold the bulbs in cold storage and ship in the Spring. Please state when ordering when you wish the bulbs and order early that we may provide ample stock.

OTHER BULBS FOR HOUSE CULTURE

Amaryllis, or Hippeastrum, prized for the varied and beautiful coloring of their giant blooms that shoot up boldly above the broad, thick foliage

Amaryllis Belladonna

Large trumpet shaped flowers of a pale china pink, attractive as a house plant; in fact one of the best "cool house" flowering bulbs. Pot early for best results. **Each 50c., doz. $5.00.**

Hippeastrum (Amaryllis)

Pot during December or January in pots only 1 or 2 inches larger than the diameter of the bulb leaving the neck protruding. Water sparingly at first, increasing the amount as growth progresses. Keep growing until August or September and then allow to rest.

PERRY'S AMERICAN HYBRIDS. A magnificent strain; vigorous of growth and very free flowering, enormous in size and with a wonderful range of colors varying from deep crimson to rose pink and almost pure white, elegantly striped and variegated. Ready in October. Mixed colors only. **Postpaid, each 75c., doz. $8.00.**

Bulbous Iris

Dutch "Celestial." Beautiful sky blue flowers for forcing or outdoor planting. **Doz. $1.00, 100 $8.00.**

Filifolia "Imperator." A strong growing, rich, deep blue for forcing. Not hardy. **Doz. $1.00, 100 $8.00.**

GIANT FREESIAS

CHOICE COLORED VARIETIES

Mailed Free

Freesias are so easy of culture that they are very popular. Plant in the early Autumn, root in a cool place for about three weeks and then bring to the light gradually and grow until in bloom. If planted during September the largest size bulbs may be forced into bloom for Christmas. A dozen bulbs planted in a 6-inch pan will make a handsome display. If the atmosphere in the room is too dry the buds will blast.

Amethyst. A beautiful amethyst blue with a light center. Extra strong, sturdy grower. **Doz. $1.00, 100 $7.50.**

California. A large flower of a bright golden yellow. A strong grower with long stems. One of the very finest yellow Freesias. **Doz. $1.00, 100 $7.50.**

Carmencita. Medium sized flowers of a beautiful light orange-salmon hue with buff shading on the lower petals, are borne on wiry stems. **Doz. $1.00, 100 $7.50.**

Carrie Budau. Lavender pink. An enormous grower and producer. Flowers and stems are somewhat larger than the General Pershing. **Doz. $1.00, 100 $7.50.**

General Pershing. This is a brilliant shade of pinkish lavender with a yellow lip, suffused bronze. The flowers are borne very freely on stems often 3 feet tall. The glorious colorings must be seen to be appreciated. Not as early as Purity, though blooming about the middle of February. **Doz. 75c., 100 $5.00, 1000 $45.00.**

Mendota. A new giant yellow Freesia of great merit. Its strong, sturdy stems make it valuable for cutting. Considered by some the best yellow. **Doz. $1.25, 100 $9.00.**

Mrs. Marc Peter. Its very attractive flowers are of large size, deep rosy salmon in color, with each lower petal blotched orange and yellow. It opens up well and is a wonderful keeper. This is the earliest of all colored Freesias. **Doz. $1.25, 100 $9.00.**

Olivette. Bright carmine red with light yellow throat, lower petals having a deep yellow blotch with crimson veins. Very profuse bloomer. **Doz. $1.00, 100 $7.50.**

Yellow Prince. Somewhat darker than California. Its stems are long and wiry. **Doz. $1.00, 100 $7.50.**

NOVELTY FREESIAS

Golden Daffodil. Pure yellow flowers on stems 18 to 20 in. long, well above the luxuriant foliage. An excellent keeper. Called the finest of all yellows. **Doz. $2.00, 100 $15.00**

BULBS FOR HOUSE CULTURE—Continued

Ixias (African Corn Lily)

Admirably adapted for growing in the house, and worthy of more general use. (Not hardy outside.) Twelve bulbs may be planted in a 7- to 8-in. pan, covered about 1 in., and put away to root, somewhat like Hyacinths, requiring very little water. When taken into the house a warm place is best. Their curious and brilliant markings and shadings make them peculiarly attractive. **Mailed free.**

Named Varieties. Doz. 75c., 100 $5.00.

Conqueror. Bright yellow, shaded orange-scarlet.
Madelaine. White, bluish outside.
Vulcan. Bright orange-red with a dark base.
Finest Mixed Varieties. A fine variety of colors, rich and beautiful, with centers always differing from the other parts of the flower. Gorgeous as they expand in the sunlight, and entirely merited, says Mr. Rockwell in his Book of Bulbs.

Doz. 50c., 100 $3.00.

Oxalis (For Hanging Baskets)

Lovely little plants for hanging pots and baskets. Easily grown. If planted early, will produce flowers in December and bloom through the entire Winter. Plant six bulbs in a 7-inch pot. Place in a dark, cool place for several days to root. Then remove to a sunny situation.

Doz. 50c., 100 $3.50, postpaid.

Grand Duchess Varieties. These newer varieties are characterized by the dwarf, compact growth of foliage, with their attractive flowers held well above it. **Rosea,** large pink flowers; **White; Lavender.** A lovely shade.
Bermuda Buttercup, a pure Buttercup yellow. **Bowei,** Bright rose.

Lily of the Valley

A greatly admired and very popular flower at all times, having graceful racemes with numerous white, drooping bells and a most delighful fragrance. May be grown as house plants twelve months in the year.

Plant about 25 pips in a 7-in. pot or pan, packed in tightly with sand or our prepared bulb fibre, place in a warm temperature, say 65 degrees F. and shade from light until leaves and spikes are well developed, then admit light gradually. An inverted pot over each potful answers admirably. Increase temperature to 75 or 80 degrees, if possible. This is the treatment for cold storage pips only.

Perry's Selected Pips. These pips may be flowered very successfully in three to four weeks. From cold storage, ready about November 15th.
Mailed free at 25 and 100 prices. Larger quantities are shipped by express. Per bundle of 25 pips, $2.00, 100 $7.00; cases of 250, $16.00, 500 $30.00.

Calla Lilies (Arum)

These bulbs like a clayey soil composted with a small quantity of shredded cow manure. Plant with the crown protruding just above the surface of the soil. When started, warm water given a couple of times each week will hasten the flowering and increase the number of blooms.
Mailed free at each price, otherwise add postage at zone rates. Weight, 3 lbs. per doz.

Elliottiana (The Golden Calla). A particularly choice variety with rich, golden yellow flowers and white-spotted foliage. One of the finest sorts in cultivation, being most valuable for house decoration. If planted this Fall it may be had in bloom during February, or if planted in Spring it will flower in June.

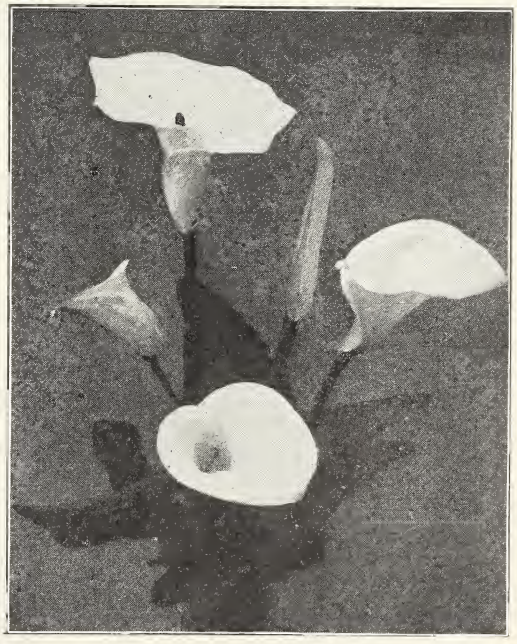
Each 50c., doz. $5.00, 100 $40.00.

Godfrey (Everblooming White Calla). An improvement over the ordinary white Calla, especially for the amateur, being of even freer growth and much more florierous during a longer season. Though a trifle smaller than the old-fashioned Calla, the flowers are of a purer white and delicately scented. Strong flowering bulbs.

Each 40c., doz. $4.00, 100 $30.00.

White Calla (Richardia Aethiopica). The best known Calla; always popular. Pot during September and October for blooms about January.

Extra Selected, Each 25c., doz. $2.50, 100 $20.00.
Jumbo Size, Each 50c., doz. $5.00, 100 $40.00.



White Callas are very satisfactory house plants

The Secret of Success with lawns made in the Fall lies in the ideal conditions existing at this season. During the cool temperatures of early Fall when the soil is warm, and usually moist, seed can germinate quickly and make deep roots, which are far less likely to be killed by Winter frosts than are the shallower roots of Spring sown grass being killed by the extreme heat of Summer. Weeds which are dormant in every soil spring up quickly, but the majority of them being annuals only, will be killed by the first severe frosts. We advise all who contemplate making a new lawn, or renewing the old, to do the work this Fall, so the grass will become well established before freezing weather, ready to start a luxuriant growth with the return of Spring. **Buy Franklin Park Lawn Seed—cleanest—best—cheapest—for results.**

PERRY'S SHADY SPOT LAWN SEED

There's nothing better for sowing on the north side of buildings, between houses, or under shade trees. On grounds where it seems as though nothing can be grown, spots shaded by large trees or by buildings, we recommend our **Shady Spot Lawn Seed.**

Bank and Terrace Mixture

Sow for Quick Results and Permanence

A splendid mixture of varieties having strong, deep-spreading roots of quick growth that are most effectual in binding loose soils, and thus prevent slopes from being washed out by rains. It will thrive under adverse conditions and produce a fine, smooth, velvety sod of a beautiful rich green. If a paste is made of the seed, liquid manure and soil, and so applied to the prepared slope, good results may be assured. One to two pounds per square rod is a fair application of seed. **Lb. 60c., 5 lbs. $2.90, 10 lbs. $5.50, 25 lbs. $12.50, 50 lbs. $20.00.**

Prince Edward Island Bent

Prince Edward Island Bent is particularly adapted to the acid soils of the Eastern Seaboard and New England States and to all northern locations where Winter hardiness is a factor. **Prince Edward Island Bent** is rather immune to small brown patch, so can be used to good advantage where this disease is prevalent.

Prince Edward Island Bent is the ideal for lawns, as it requires much less care than Creeping Bent and only occasional cutting. On the Eastern Seaboard and in the New England States it will prove the dominant grass with ordinary attention.

Prince Edward Island Bent Seed is very inexpensive, as a pound contains about 6,000,000 seeds high in germination. Use 1 to 2 pounds to 1000 square feet for lawns. **1 lb. $2.25, 5 lbs. $10.00, 15 lbs. $27.00, 100 lbs. $175.00.**

Perry's Bent Grass Mixture

The growing demand for Bent lawn seed mixtures has prompted us to make up a formulae that would give satisfactory results on a wide range of soils.

Our mixture contains **South German Mixed Bent, Fancy Red Top** and **New Zealand Fescue** that will result in a fine, dense turf that is so much desired.

We recommend sowing 1 pound to every 300 square feet.
